

Rate Changes – October 1, 2025

Initial Notification Date: July 31, 2025

Amended Date: September 17, 2025

This notice supersedes the original notice titled “Rate Changes – September 1, 2025”.

TPx continues to develop and enhance our managed services products and solutions to serve our customers better. Periodically, this may require rate adjustments to address changes in underlying costs such as infrastructure maintenance, labor, and vendor rate changes.

We are proactively working on your behalf to mitigate these increases. We offer a number of modern and cost-effective services, including our [Digital POTS service](#) and other [UCx offers](#), which may be attractive options for you. We encourage you to contact your TPx Account Manager to discuss your company's needs and how we can deliver the best possible experience and value for you going forward.

The rates for a subset of TPx services and other charges will change on or after October 1, 2025, subject to regulatory approval where required.

Impacted Services

Service	Service Description	Monthly Increase	
		AT&T-supplied Lines	Other Carrier-supplied Lines
